

How are staff members chosen?

When new staff members are needed, the elders, evangelists and board work together to select those who will fill those positions of service. The qualifications, responsibilities and hours required are spelled out before a search is begun. These criteria are described in a document entitled “Charlotte Church Staff Roles” which is available to any member on the church website.

After interviews, discussion and evaluation with the applicants, church leaders make a prayerful decision with regard to the applicant’s qualifications, the needs of the Charlotte Church and the available financial resources of the congregation.
